

CHOO BEE GROUP

QUALITY POLICY (Revision 3)

CHOO BEE METAL INDUSTRIES BERHAD has developed and implemented a Quality Management System which covers the manufacture and sale of welded steel pipes to customers in the construction, water supply, and oil and gas sectors.

We are committed to complying fully with the requirements of our Quality Management System and will continually improve its effectiveness.

We shall do this by:

- Communicating and explaining this Quality Policy and our Quality Objectives to every employee, to ensure they are completely understood and accepted within the organization.
- Delivering consistent customer satisfaction by understanding and satisfying the needs of our customers for product quality, value and reliability.
- Enhancing our production processes and efficiency through appropriate investment in facilities, equipment and technology.
- Developing and upgrading the knowledge and skills of our employees by providing continuous training and development.
- Reviewing the effectiveness and suitability of our Quality Management System periodically and taking all necessary action to ensure we achieve our Quality Objectives.
